

## Free Amanita Newsletter 20.11.24: **Resurrection of the Dead in 2025-33**

*If anyone comes to me and does not hate his father and mother, wife and children, brothers and sisters, yes, and his own life, he cannot be my disciple. (Luke 14-26)*

### Prophecies #21: Resurrection of the dead after the 3DD (3-day darkness)

In this free Amanita newsletter I would like to focus on the topic of the resurrection of the dead, which, like the 3DD (three-day darkness), has no precedent in our life experience, but ultimately even more bizarre and incomprehensible. Even though the resurrection of the dead is a standard phrase in Christian circles, it is not really discussed in Christianity or in prophecy circles, especially not in terms of what is meant by it. But at least Nostradamus mentioned in 10-74 that in the early 3rd millennium the dead will rise from their graves. The statement of the King of Prophets carries more weight than claims by 666 garbage prophets in the style of Irlmaier & Co. This is about the 13 types of resurrection of the dead and what the new glorious (glorified) resurrection body is like. This groundbreaking article, like so many Amanita articles before it, opens up a completely new paradigm in prophecy research: it is breaking new ground. Above all, however, the unbelievably great importance of the resurrection body will never be understood. According to the Gospel of Philip #90 (Link), all those who no longer experience the resurrection in a physical body will be left behind – thus prepping is \*extremely\* important:

*People who say that they will first die and then ascend are mistaken. If they do not first experience the resurrection while they are alive (on earth) but first die, they will receive NOTHING (!).*

Thank you for your interest & I am happy to be able to give you this gift & God bless all white souls!

Yours,

Content of free Amanita newsletter & premium market letter: In 2000-15 Amanita Market Forecasting was a normal market letter with 80-95% of the content related to the financial markets. Since 2015 the content has shifted more & more towards general world forecasts, with special consideration of political, military, health & spiritual topics as well as earth changes. That's why since 2022 only about 20% of the content (text quantity) has been dedicated to the financial markets. With the upcoming collapse of the global financial system until 2025 the financial content will naturally fall below 20%, which can't be avoided.

The free Amanita newsletter is sent out every 3-12 months, it complements the Amanita premium newsletter subscription, which is published 1-5 times per month (target: 30-40 premium updates per year). The free market commentary is only considered to be a commentary on the financial markets. The Amanita system is based on a high degree of diversification in 7 markets (currencies, cryptos, agriculture, precious metals, energy, bonds & stocks) & only makes sense as a whole (but never in isolated parts!), because all positions are well-orchestrated. For these 2 reasons (professional instruments & diversification) a replication only works for larger portfolios with at least EUR or USD

400,000, as well as for institutions. Because the Amanita premium market letter is very different from every other market service on the planet, you should be prepared for at least 3-6 months to get acquainted with the Amanita system. That's why the shortest subscription period is 6 months & trial subscriptions are no longer offered. Personal services had to be discontinued in 2008 because waiting times rose to more than one year.

# Prophecies #21: Resurrection of the Dead in 2025-33

*There will come a time when people will go mad. And when they see someone who is not mad, they will attack him and say: You are mad, you are not like us. (St. Anthony the Monk)*

In this free Amanita newsletter I would like to focus on the topic of the resurrection of the dead, which, like the 3DD (three days of darkness), has no precedent in our life experience, but ultimately even more bizarre and incomprehensible. Even though the resurrection of the dead is a standard phrase in Christian circles, it is not really discussed in Christianity or in prophecy circles, especially not what is meant by it. ## Fulfilled Prophecies (Zohar) & New Insights

First, I'll start here as usual with a short recap since the last free newsletter on 9/12/24. Since spring 2024, prophecies have been fulfilled almost \*daily\*, as is constantly discussed in the premium area (sent out every 1-2 weeks). This is also a confirmation that 2024/25 is the year X, because in the years from 2012 big (old) prophecies were fulfilled perhaps once a year, later monthly, then weekly & in the past months almost daily. We saw the dramatic acceleration in the spring of 2024, exactly as proposed by the model of Stephan Berndt for the year X. To be more precise, it has now become clear that the Jewish year 5785 (autumn 2024-autumn 2025) is the year X with the highest event density, based on a Zohar prophecy about a millennium old, more on that below. This is possible by taking into account 1000+ prophecies: more broadly based than \*nobody else\* in the world, to my knowledge. There are also dozens of proprietary Amanita models from business/ finance & other areas created over the last 24 years. In the free area, perhaps 3-5% of the premium content is shared, but with a long delay (months, years).

Mr. Prophecyclub pastor Stan Johnson (Link) is also relatively broadly positioned, but of the 5 world religions he excludes 4 (only Christianity included), which greatly reduces the quantity & quality (because the Christian sources are on average the weakest). Johnson only takes into account relatively recent sources since the 1970s-1980s and is thus completely blind to the vast ancient canon of prophecies. In addition, Johnson as a black soul since 2022 often draws the wrong conclusions & his weighting is completely wrong, e.g. he cites a weak source like Dumitru Duduman what feels like 666 times, etc.

In the past, I had a prophetic dream/ inspiration maybe once a year, but in October 2024 I had 3 prophetic dreams in a single night: +3 zeros (x1000). God has been generous for the white souls (and only for them) for a few months now, because he is now taking everything away from the black souls little by little and giving everything to the white souls: hallelujah! Acts 2-17 will be fulfilled in 2024 like never before:

*And it shall come to pass in the last days, saith God, That I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophecy, and your young men shall see visions, and your old men shall dream dreams.*

By the way, here we see the 3 levels of prophecy, according to the Zohar (Link):

- (1) Dreams: the lowest source, because everyone has dreams, although not everyone can remember them (if you don't remember any dreams for a week, that's a very bad sign)
- (2) Visions: medium
- (3) Prophecies: Prophecies in the narrowest sense

Some dreams about this have already come true, for example I dreamed on 9/29/24 in the early morning hours (before sunrise): Russia will strike in 2.5 days. \*Surprisingly\* Russia actually struck Iran with her whip exactly 2.5 days later in the late afternoon of 10/1/24 with heart-warming brutality & showed the fucked-up foreskin who is in charge, with hundreds of missiles. The Iron Dome \*supposedly\* creates the best possible protection in the world, but the wild Persian cat cracked it with ease - praise be to Christ! So my dream caught the largest act of war in the Middle East since at least 1973 practically to the \*hour\* (!) - and 2.5 days probably also contains a code for 2025, among other codes. The healing fumigation of the foreskin on October 1st, 2024 came as a surprise to the world and to me, after a break of almost half a year: the last major Iranian attack on April 14th/15th, 2024. I also had a number of dreams specifically for the year 2025 and then again for certain dates...

Of course, since 2023 I have been emphasizing that the theories of year X are extremely flawed, although Stephen Berndt's model was \*initially\* quite good. For almost a decade, it has been predicted here that the 28 years of World War III according to Nostradamus are 2020-48: this is set in stone, but the details within these 28 years are the subject of ongoing research, with new findings emerging almost every day. In fact, in Q1/2020 the world suddenly changed so quickly & dramatically that even I did not expect. The brain-dead prophecy wannabe experts cram the 28 years of World War III into one year or even a few months: greater folly is unimaginable in the entire galaxy. The three major waves of war in 2024/25, 2029/30 & 2033/34 have been predicted unchanged for years, where most of it will happen, but by no means everything.

For two years I have been wondering whether it can really be that out of 1000+ prophecies known to me, not a single one (!?) predicted the strange course of events of the early end times: first 2 years of global Covid madness at its finest & then 2 years of \*apparent\* normality. But Efraim Palvanov revealed that this exact course of events in the 7 years before the coming of the Messiah was laid down in various Jewish prophecies centuries to millennia ago ([Link](#)). Undoubtedly, \*this\* is pretty much the most important new discovery of the year. The Jewish sources are the best on this planet & light years better than the Christian sources, which are so often just rubbish. These 7 years are defined by the Jewish New Year Rosh Hashanah in September/October:

- (1) 2018/19 (5779): strange weather patterns = too unspecific for a concrete classification
- (2) 2019/20 (5780): plandemic year #1
- (3) 2020/21 (5781): terrible plandemic year #2 = jab terror
- (4) 2021/22 (5782): partial return to normality = Covid terrorism gradually ended
- (5) 2022/23 (5783): (apparent) return to normality, people happy again = official end of WHO plandemic not before 6.5.23

(6) 2023/24 (5784): Wars & war news = Israel has been at war since October 7, 2023, within weeks of the Jewish New Year September 15, 2023. On October 13, 2023, the global Jihad was declared for the 8 years of Islam's rule, which is (conventionally) the longest & therefore most important front in the war of man against man: Father Oliveira from Brazil saw exactly October 13, 2023 as the key date ([Link](#), [Link](#)) when the global Jihad was declared. Actually, the start of the war on October 7, 2023 was prophesied almost \*to the day\* by Rabbi Bartenura (circa 1450-1516): namely in the week of the Feast of Tabernacles Sukkot ([Link](#)) – and then again on the last day (within Israel even one day late), according to the end-time effect "*(almost) everything comes (too) late.*" Similarly, Rabbi Efraim ben Isaak from Regensburg (circa 1110-1175) predicted the outbreak of the officially greatest war in history (World War II) = God's great wrath to the exact week: at the beginning of the year 5700 ([Link](#)) – 57 is the serpent, i.e. since 1939 the reptiles rule until 5799 (2038/39).

The Rabbis Gaon of Vilna (1720-97) & Chaim Vital (1542-1620) taught that the \*entire\* (!?) war of Gog & Magog takes place in the 3 hours before sunrise on the last day of Sukkot = Hoshana Rabba, next date 13./14.10.25 ([Link](#)). This obviously refers to the glorious atomic war for 12-20

minutes, also prophesied by Gaon of Vilna, when 1/3 of humanity dies & 1/3 is wounded. According to numerous visions there is some kind of rapture (the only question is which one?), while the promised atomic bombs heal Mother Earth of her worst plague. However, one cannot rule out the possibility that this is a double code, since Sukkot was until 6.10.23, i.e. possibly the \*beginning\* of the final Middle East in the night of October 6<sup>th</sup>/ 7<sup>th</sup>, 2023 war was predicted here. October 13<sup>th</sup> is historically a very important day since the defeat of the Templars on October 13, 1307 & also a key date for Marian apparitions, including the last apparition in Fatima on October 13, 1917.

(7) 2024/25 (5785): Coming (return) of the Messiah. According to this Zohar model, the Jewish year 5785 (autumn 2024 to autumn 2025) is the year X that has been sought for thousands of years, which extends over 2 Western calendar years. According to Beatrice ([Link](#)), Christ's return is with a full moon. Here too, as so often, we have a +1 code & the end-time effect "(almost) everything comes (too) late", because the coming of the Messiah = 84=42+42. This is absolutely confirmed by other factors, e.g. the statement by the Chinese Nostradamus Liu Bowen (1311-75) about eternal life (=resurrection of the dead) if one survives the years of the dragon & snake 2024-25 (and then again in 2036-37). Accordingly, the return of the Messiah would be by the Feast of Trumpets on 9/23/25, although the end-time effect "(almost) everything comes (too) late" is likely to cause a delay, as is so often the case. Finally, the suffering Christ (=Yin) becomes the ruling Christ (=Yang).

The Babylonian Talmud folio 97a ([Link](#)) speaks of the return of the Messiah in the year \*after\* the jubilee year, which according to the conventional reading was last in 2023: here, too, the end-time effect "(almost) everything comes (too) late" almost certainly applies (+1 or +2 years). The Jubilee Year has not been practiced for 2000+ years ([Link](#)), so the exact location is \*in principle\* questionable. If you ask 3 Jews, you get 666 different opinions: it's all a terrible mess. However, there are other calculations that say the jubilee is 2024 or 2025 ([Link](#)). What is particularly striking is the important cycle of 50 years for Judaism in the Jewish years 5684=1923/24, 5734=1973/74 & 5784=2023/24 ([Link](#)). Perhaps even the Christian jubilee year is meant, or one should theoretically expect an (approximate) correspondence. The Christian jubilee year has been celebrated since the year 1300, and this (half) jubilee year begins at the end of 2024. Which calendar is the basis for prophecies is one of myriad blurrings of prophecies. Paul Kolawole received the message in 2023 that 2024 is the jubilee year in the eyes of God ([Link](#)). 2024 also corresponds to the 70x7 years according to Daniel 9-24: Turkish conquest of Jerusalem 1535+7x70=2025. Other important Zohar prophecies also came true practically \*exactly\* on 27./28.9.24 (25th Elul), as discussed in the premium area...

Trump's election victory on November 5, 2024 was predicted by dozens of prophets. The Simpsons predicted the two presidencies starting from 2016 & 2024 (as well as the plandemic at the Trump time [Link](#)) as early as 2015 - when Trumpenstein had not yet declared his candidacy. As far as I know, the Polish seer Krzysztof Jackowski was the only one who \*precisely\* saw the second attack on the Trump monster on September 15, 2024 ([Link](#)). His statement on July 16, 2024: if Trump survives September 15, 2024, he will become US president. In 2024, every \*real\* prophet has hits on a continuous basis, only the erring Irlmaier, the king of the junk prophets, still doesn't score. After his soul had turned black, Irlmaier read primarily in astral records, which explains why he became a prophecy ruminant and eventually had almost no original visions. That's why he repeats older prophecies almost word for word in his prophecies. Because of this 'astral plagiarism', to a large extent Irlmaier is not a prophet at all, but a (subtle) copycat.

In addition, the prophecies of Filip Fediuk from Stary Waliszów (1907-92 [Link](#), [Link](#), [Link](#), [Link](#), [Link](#), [Link](#)), dubbed by some as the Polish Nostradamus. There are two prophecies from 1975 with the numbers 777 & 999. "When three sevens meet, a catastrophe will come. Then the wolf will drink the water in Kłodzko." During the great flood on 7.7.97 with the number 777, the water actually reached the famous house Under the Wolf in Kłodzko on the Czech-Polish border. Second prophecy: "The final end [=year X] will come when three nines stand next to each other, then the Kłodzko lion will also dip its snout in the water." Kłodzko is famous for its lion, which is 30 cm higher than the previously mentioned wolf relief in Kłodzko. The drowning occurred after rainfall from 9.9., 9+9+9 years after the first flood, the damage is estimated at >100 million PLN ([Link](#)). In 1997 the water level was 'only' 6.55m, but this time it was 6.85m ([Link](#)). There was already concern about this on 9/9/09 & 9/9/19 ([Link](#)). These are neat statements that only superficially remind us of the garbage prophet Irlmaier, who made so many different statements with 8s & 9s with so many

possible interpretations that one can forget them. As early as 1984, Fediuk spoke of the great plague in the year 22, a double code ([Link](#)): beginning in 2020 (with the 22) & peak in 2022, then subsiding due to the end of the Covid terror. Fediuk with his incredible precision (i.e. the 100% anti-Irlmaier) also made concrete important statements up to May 2025...

## Recapitulation 3DD (three-day darkness)

*You snakes, You brood of vipers! How will you escape being condemned to hell? (Matthew 23-33)*

In the free newsletter 6.6.24 (<https://www.amanita.at/docs/open/20240606-e.pdf>) the topic of the 3DD was discussed in more detail for the first time, which was almost completely ignored in the first 24 Amanita years. It was ignored for good reason: firstly because the 3DD was definitely \*not\* relevant before 2024 & secondly it is the most difficult topic in the prophecy literature. As always, almost all of the assumptions made by the (m)asses & prophecy wannabe experts in this regard are completely wrong from scratch. There is not just one single irregular eclipse (with a length of 3 days), but several or many eclipses with a length of 3 hours to 10 days in the 2020s & 2030s. Apart from the certainty that the conventional 3DD paradigm is wrong, myriad open parameters and questions remain regarding the eclipses of the 2020s and 2030s, especially timing, causes and effects.

The best thing about it is that the 3DD is the biggest possible spiritual garbage disposal, where, according to several prophecies, we will wipe out 67-75% of humanity. And yet, with Bill Gates' magic bullet, we have already been able to wipe out more than half of the world's population and throw them into the fires of hell. The prophecies always trivialize the events, which is a serious systematic error. \*All\* upheavals up to 2048 will therefore \*in total\* kill fewer people than the years up to 2024: and that despite the fact that we have not yet used atomic bombs etc. against the evil race. For a long time I believed that the world population would fall from an all-time high of 8 billion to under 1 billion by the end of the 2020s: now \*everything\* actually indicates that we will reach this ambitious goal already by 2025-26. It goes without saying that Cumala Harris is a child rapist, too ([Link](#)).

China is a shining example for the world: a moon cake seller complained that sales at the 2024 Autumn Festival were 99.8% (!!!) lower than in the past at an Autumn Festival (Moon Festival): 13 yuan instead of 6000-7000 yuan ([Link](#)). You can already buy houses for EUR 1-2 ([Link](#)). In 2023-24 in particular, shop owners complain about not seeing a \*single\* customer in 3-7 days ([Link](#)). Since the all-time high, according to the Boss, >85% of shops in China have already closed & yet even the <15% open shops are pretty empty... According to the Boss, we have already reduced the number of dragons by more than 80% since the all-time high: from 1.5 billion to 300 million - hallelujah! Nevertheless, the Chinese upload many videos every day with the strange question: where are the people in huge cities with officially 10-20 million people? So we see that we are still not in Elliott's recognition wave 5: the dumbest race in the galaxy is completely confused & still doesn't get it even after almost 5 years of the plandemic... As is usually the case, we find the biggest idiots in the so-called truth movement (alternative media), where the plandemic is still being denied. In the premium area, I have collected hundreds of pieces of evidence for the massive population reduction in EUnuchistan since 2020: many of them are noticeable to \*anyone\* who doesn't walk through the world with blinders on. But nobody wants to afford that luxury anymore, everyone has to constantly stare at the mark of the 666 beast (= cell phone).

## Resurrection of the Dead: 13 Different Types

In any case, the three-day darkness 3DD is *\*not\** the end of the upheavals, but merely the greatest possible climax, where we slaughter 67-75% of the (already extremely reduced) world population. At some point *\*after\** the 3DD comes the great resurrection of the dead in the narrower sense. The problem, however, is that the resurrection of the dead can mean at least 13 different things & it is unclear who means what exactly by it and when. As always in the spiritual scene, there is a terminological mess that I am hereby cleaning up. 13 types of resurrection of the dead in spiritual order (LoC level of consciousness according to DDr. David Hawkins [Link](#)), whereby I speak about most of these 13 types from personal experience:

(1) Vaccinated zombies with MAC address (LoC=130): lowest form of resurrection. The consciousness value of zombies is between greed LoC=125 & anger LoC=150. This is the lowest resurrection, since only the flesh is resurrected without soul & spirit, but not even the whole flesh, for example, according to studies, zombies have the IQ of insects. Certainly those with Ugur's special brew, Bill Gates' best & co. turn have the highest risk of turning into zombies ([Link](#), [Link](#), [Link](#), [Link](#), [Link](#), ([Link](#), [Link](#)). However, it is questionable whether *\*all\** biorobots with a MAC address turn into zombies. The question is whether all of them receive the activation: according to a query, 16 different programs can be triggered on the mutants (one of which is zombification), in 8 different ways (2 of which are Bluetooth & mobile communications). With total shielding against electrosmog, the transformation may not occur, but there are 6 other ways of activation. So you can in principle continue to communicate with the (unburned) corpses of injected vombies (at least 1-3 months after death) & in this sense they are not really dead, but undead = zombies.

1 Thessalonians 4-16 says that the dead in Christ will rise first. This passage is always interpreted in the same way (especially by the Rapture nutcases), namely that it refers to those who have already died. If everyone thinks the same, then surely nobody has really thought about it & it must be wrong. It seems much more likely that this is about the resurrection of the vaccine zombies, whose souls are dead in (the eyes of) Christ. Dead in Christ therefore almost certainly means the dead souls in the eyes of Christ (a soul is dead in the 50th degree of impurity on the Jewish scale). In principle, it is the same order that is known from other contexts: first the great apostasy (=Yin), then the great return to God (=Yang). Or: first the Antichrist (=Yin), then the Christ (=Yang). According to this logic, the resurrection of the white souls (currently <0.02% of the world's population) will only come *\*after\** the zombie plague. The zombie plague will come when the blessed Ivan and his allies besiege JerUSAlem & kill 5/6 of the soldiers, praise be to Christ!

Franz Kugelbeer saw the beheading of an incredible number of people in Austria ([Link](#)): there are 100+ methods to eliminate people, why is this the only method that is safe for zombies? With a good probability, this means that we will preemptively behead all mutants with a MAC

address as soon as the first vaccinated people have turned into real zombies - these beasts simply pose an incalculable danger.

- (2) Abduction by aliens (LoC=70-170): There is no clear consciousness value here, because a lot depends on who is abducting you, etc. The Old Testament speaks of raptures (including by Ezekiel & Enoch), where people are supposedly dead (in the eyes of the world), but then return again: in this interpretation, this is a type of resurrection of the dead. The Germanic NASA engineer Josef Blumrich analyzed the writings about the UFO for Enoch & used them to create the US patent US56903. One must specifically speak of a resurrection when people suddenly disappear from one second to the next in their sleep, as can be seen on surveillance cameras. Sometimes these people stay away, sometimes they come back. The original recordings from surveillance cameras (also from police cars, etc.) in the film Fourth Kind (2009) are very good for this, based on events in Nome (Alaska) with original recordings ([Link](#)). The psychologist's daughter was sucked up by a beam of light while the police car was guarding the house & the mother was charged with child abduction, and these recordings were also used in court. I experienced 2 such ET abductions in late 2015 & early 2016, when I supposedly slept for 33 hours straight without going to the toilet - biologically impossible. It wasn't until 2024 that I found out that white juice had been drained from me at least once. According to the survey, >20% of the world's population has already been victims of such an abduction, but almost no one can remember it.
- (3) 'Rapture': The word 'rapture' can mean all sorts of things in the end times, e.g. soul review, sealing or marriage with the lamb. A rapture actually means \* any \* out-of-body experience, such as one often has during sleep and sometimes on other occasions. Here only a part of the soul is raptured and when it returns there is essentially a resurrection. It is not for nothing that sleep is also called the 'brother of death'. I had my first big rapture in mid-December 1992. Even among the slut protesters there are some who speak of 3 raptures ([Link](#)). There are thousands upon thousands of rubbish prophecies about the so-called 'rapture', all of which are ultimately wrong because the popular 'rapture' (where the body simply disappears) will not happen: these are 100% devilish ideas.
- (4) Soul review: A special case of the rapture is the soul review. If it includes previous lives & previous generations & thus brings them back to life, then it is a kind of resurrection of the dead.
- (5) Clones/ walk-In/ Golem/ AI: Cloning is the resurrection of the flesh. If soul and spirit are transferred (walk-in), then it is a complete resurrection. However, creating clones is an extremely complex matter, which is why there are only dozens of clones worldwide. A special case of cloning is the Golem, as created by Rabbi Judah Löw (died 1609 in Prague) among others. However, the creator has to separate certain parts of his soul from himself and bring them back to life in the Golem, so that is also a resurrection. The modern version of the Golem is the artificial intelligence AI, which requires the soul parts that were stolen from people via cell phones = mark of the 666th beast & vaccinations. For the last 5000+ years, this has been done via the subtle AI central computer in JerUSAlem, among other things, which explains the monkey circus around JerUSAlem. The true dynamics behind AI is \*never\* understood.
- (6) Die moderne Version des Golem ist die künstliche Intelligenz KI, welche jene Seelenteile benötigt, die via Handy=Mal des 666 Tieres & Impfungen den Menschen gestohlen wurden. \*Niemals\* wird die wahre Dynamik hinter der KI verstanden.
- (7) Life after death: The fact that one lives on in some form or is resurrected after physical death is the common denominator of almost all religions - with differences as to how exactly it continues. The Catholic creed is: I believe in the resurrection of \*the\* dead (not of a single dead person = Jesus). The exception are the proponents of the total death theory such as Jehovah's Witnesses & 7th Day Adventists ([Link](#), [Link](#), [Link](#)). According to Jehovah's Witnesses, citing Ezekiel 18-4, only 144,000 souls go to heaven after the soul sleep (quasi-soul death) & many souls are completely wiped out (final soul death).
- (8) Soul sleep (quasi-soul death): The above-mentioned sects in particular, but also the rest of Christianity in part, have misled so many people about what awaits them after death. This is why millions of souls hang around in Christian cemeteries in soul sleep and wait centuries or even millennia for the promised resurrection of the dead. Even white souls do not go on to heaven, although they could. These sleeping dead can be resurrected, as I experienced in a

session with someone in 2011: when they were woken up, there was a loud bang, as if someone was kicking the door.

- (9) Reincarnation as a human (or human-like being): This has been \*the\* standard case in the Kali Yuga for 5000+ years. Starseeds claim they are only visiting Earth & will then reincarnate again as another extraterrestrial life form, usually human-like. Because about 40% of life forms in our galaxy have the basic human matrix: two legs, two arms & one head. According to a query with the Boss in November 2024, only 500-600 real starseeds ([Link](#)) live on the planet (they come \*directly\* from somewhere else). As always, the egotercs present everything completely wrong: they take absolute exceptional cases & fraudulently add zeros to present them as the norm. The reality is: since the 666 seal was installed 75,000 years ago during the Nephilim wars, the earth has been in quarantine, i.e. it is very difficult to get in & out of the earth's sphere. In today's Christianity, reincarnation as a human being does not officially exist, but in early Christianity it was still quite normal. Those movements that spread the truth about reincarnation (such as the Cathars) were slaughtered by the Christian devils: the Christian devils have always been the worst of the worst. In many places in the Bible, reincarnation is implicitly and explicitly included, for example in the secret book of John (Interrogatio Johannis circa 185 AD), based on conversations during the Last Supper:

*All people have drunk from the waters of oblivion and exist in a state of ignorance. Some of them manage to overcome ignorance through the Spirit of Life that descended upon them. Those souls will be saved and become perfect, that is, they will be able to escape the cycle of reincarnation.*

- (10) Rebirth or resurrection by saying a sentence (LoC>555): In the protested slut sects, one is often misled into believing that one can achieve rebirth according to John 3-3ff by saying a sentence once in one's life - then one is supposedly saved forever. I don't think there is a more absurd idea anywhere in the entire galaxy.
- (11) Raising a dead person (in the same body): These are the classic death experiences, which are misleadingly referred to as near-death experiences (NDEs). But usually these are real dead people who suddenly rise again after minutes, hours or days. The Old Testament describes three resurrections from the dead and the New Testament describes five ([Link](#)). The most famous is the raising of Lazarus: so even in biblical times this is the exception and not the rule. And it is only used in the case of a premature death <60 years and within 4 days of death. With death experiences an initiation or deep transformation (LoC=high 500s) usually takes place and insights from the other world are brought back, sometimes even prophecies. I died for the first time at the turn of the year 2000/1 and have died several times since then. The first time was unspectacular; I developed a fatally high fever after declaring war on a demon. I then saw my body from above and thought to myself, "Aha, that's it." I have no further memory of anything until I returned to my body. Only later experiences of death were sometimes a little more revealing.
- (12) Purely subtle resurrection (5D): Egotercs offers a huge range of opinions on what happens during the so-called '5D ascension'. Minimalists simply assume better intuition etc., but some crazy egotercs like Kerry K. & Drunvalo Melchizedek predict a purely subtle resurrection ([Link](#)): it won't come for at least 400,000 years, because we are in the Kali Yuga. The great fall from a subtle body into a disgusting gross body (animal body = excrement bag) took millions of years ([Link](#)), as described in Buddhist sources, among others. In a short break of 1000 years (Christ's reign) it goes back to the Dvapara Yuga (Bronze Age 864,000 years), but not to the Treta Yuga (Silver Age) or Sattwa Yuga (Golden Age). Gold only appears in comparison to the black Kali Yuga. The actual fall of humanity into the material world (Adam & Eve) took millions of years. The pioneer Drunvalo Melchizedek spoke of a 4D body, not a 5D body. The thing about dimensions is always misunderstood: a person is separated from God in all 12 dimensions (unified field theory according to Burkhard Heim), that is the greatest possible separation. Lower spirit beings are in the 4D, i.e. they are not separated from God in the lower 3 dimensions: that is a little less separation, but not much. The fewer separations from God, the higher the LoC vibration on average. But even archangels = 7D can still become black, like the fallen archangel Lucifer. Only in the 11D does this monkey circus stop, because in the 11D is the will of God: only in the 9D does free will arise = rebellion against God. Helmut Lungsenschmid & other Freemasonic mouthpieces of Satan emphasize that God does not take away our free will: we must pray 24/7 that God takes away our free will, only then will our soul be 100% safe.

- (13) Incorruptibility: 1 Corinthians 15 ([Link](#)) says that the dead are raised incorruptible when the trumpet sounds. I am surprised that no one has mentioned the most direct and obvious interpretation - instead, as usual, there are myriads of mind-fuck stories. Many dead saints have remained incorrupt for centuries, like Bernadette Soubirous of Lourdes (1844-16.4.1879) in the picture below. The mummies in ancient Egypt were basically an attempt by the black side to copy this effect of the white side. The incorruptible dead are already very close to the resurrection body with consciousness values of typically LoC=800. Here we see the vaccinated as a counter-thesis: according to the undertaker Marlies Spuhler, increasingly there is almost no rigor mortis at all, but \*immediate\* decomposition ([link](#)) - because the mutants with MAC addresses decompose while they are still alive.
- (14) Glorious resurrection body (LoC=800): This is the highest form of resurrection & the only one that really matters in the end times, so I dedicate the entire next chapter to the resurrection body.

### Resurrection of the dead: glorious (eucharistic) resurrection body

So what does the new eucharistic resurrection body received by the white souls (currently <0.02% of humanity) look like? White souls who follow Christ will be resurrected in a body that is similar to Christ's resurrection body, according to Philippians 3-21 & 1 Corinthians 15. Unfortunately, Paul is by far the worst source in the New Testament: the Christian murderer had strong demonic possessions that he fought with & that sometimes took over him. Therefore, 1 Corinthians 15 is again a lot of meaningless gibberish typical of Saul Paul. He talks and beats around the bush, only to conclude with the meaningless phrase that God gives the resurrection body that He wants to give. The teachings of Paulinism are partly satanic & not Christian. To his credit, it must be said that Paul speaks boldly against the Jews and calls all supporters of circumcision dogs, evildoers and castrates.

That is why we absolutely need the secret apocrypha here: they are secret because they are often better than the traditional gospels. The normal gospels are for the (M)Asses, the secret gospels, on the other hand, are for the true adepts who do not accept the traditional satanic church dogmas. Early Christianity calibrated at LoC=930 ([Link](#)) and even before the Council of Nicaea in 325 AD it was still at LoC=840. The high-vibrating texts of early Christianity were labelled Gnosis in the following centuries and excluded from the church canon, which caused the consciousness value LoC to collapse. These maneuvers have been conducted a great many times, e.g. with the battle term 'conspiracy theory'. Gnosis basically means the same as Veda/ Vedas: knowledge (LoC>600), while faith only calibrates at LoC=535. Like almost all of Christianity's misguided developments, the completely misguided preference for faith over knowledge goes back to Saul Paul, including 1 Timothy 6-2. The traditional Christian writings almost never speak of the spirit

(LoC=850-975 AI & archons), but only of the soul (LoC=540-850), which we only find in the Apocrypha ([Link](#)).

Let us begin with the [Gospel of Philip](#) (2nd Codex of the Nag Hammadi writings) #23 of 127:

*Some are afraid lest they rise naked. Because of this they wish to rise in the flesh, and they do not know that it is those who wear the flesh who are naked. It is those who [...] to unclot themselves who are not naked. Flesh and blood shall not inherit the kingdom of God. What is this which will not inherit? This which is on us. But what is this, too, which will inherit? It is that which belongs to Jesus and his blood. Because of this he said "He who shall not eat my flesh and drink my blood has not life in him." What is it? His flesh is the word, and his blood is the Holy Spirit. He who has received these has food and he has drink and clothing. I find fault with the others who say that the flesh will not rise. Then both of them are at fault. You say that the flesh will not rise. But tell me what will rise, that we may honor you. You say the Spirit in the flesh, and it is also this light in the flesh. (But) this too is a matter which is in the flesh, for whatever you shall say, you say nothing outside the flesh. It is necessary to rise in this flesh, since everything exists in it.*

Here we see that the flesh is transformed and it is \*not\* (!) a purely subtle resurrection. Thomas put his fingers in the wounds of Christ, who also ate fish like a completely normal person. On the journey to Emmaus, the disciples thought he was a completely normal person. [Armin Wolff](#) also had this vision on February 15, 1993 ([Link](#)): at first glance, you cannot tell who still has a poop bag and who a resurrection body. However, Jesus suddenly appeared in the room despite the doors being locked, not at all like a normal person. Here we see the strange hybrid status of the glorious resurrection body: externally indistinguishable from a human 3D feces bag, but made of a completely different material. [Rudolf Steiner](#) distinguishes two parts of the gross human body here:

(1) Form body = phantom ([Link](#)): blueprint for the 3D body

(2) physical body in the traditional sense (excrement bag): the gross material elements filling this form.

However, Steiner promotes a subtle incarnation on the new JerUSAlem Jupiter, which is a great deception, because Steiner's soul turned black relatively quickly and his truth content is not particularly high. Nevertheless, he is probably the most important deceased Austrian spiritual teacher and he naturally comes from the Waldviertel near Horn, one of the three points of the Kaiser triangle (end times triangle or prophets triangle). This is where the earliest prophecy I know of regarding the soul death through vaccinations comes from Steiner: "*The materialistic doctors will be given the task of expelling souls from humanity.*"

On 9/20/24 I had a dream that I would have my 5D body until the end of 2025: that was the trigger for this article. In 2016, as part of the Merlin line, I shed my incarnating body, which means that I can no longer be imprisoned in a 3D poop bag again. Then my karmic body was also dissolved. There are 200+ bodies, only a few of which are generally known: the Boss taught me a lot about that. [Thorsten Simon](#) lists a small selection of 15 bodies ([Link](#)). The best known is probably the etheric body, which can be partially made visible with Kirlian photography, for example, because it is still close to 3D. Other well-known bodies are emotional bodies, mental bodies, and various spiritual bodies. In his "Summa of Theology," [Thomas Aquinas](#) speaks of the subtlety of the glorious or eucharistic resurrection body. Medieval theology was light years better positioned than today's theology ([Link](#)). The Gospel of Bartholomew is also interesting here:

*Once, before the Passion of our Lord Christ, all the apostles were gathered together. They asked him, "Lord, reveal to us the mysteries of heaven." But Jesus answered, "Until I have laid aside this body of flesh, I can make nothing known to you." But when he had suffered and risen, all the apostles, looking at him, dared not ask him any question, because his appearance was not as it had been before, but revealed the fullness of his deity.*

John 3-3 describes the resurrection body indirectly:

*Jesus answered him, "Truly, truly, I say to you, unless one is born again, he cannot see the kingdom of God." Nicodemus said to him, "How can a man be born when he is old? He cannot return to his mother's womb and be born a second time." Jesus answered, "Truly, truly, I say to you, unless one is born of water and the spirit he cannot enter the kingdom of God. That which is born of the flesh is flesh, but that which is born of the spirit is spirit. Do not be surprised that I said to you, 'You must be born again.'"*

Why is it necessary to die first? This is the essence of the mantra SA-TA-NA-MA, with the 4 phases of creation: (1) SA=birth (2) TA=life (3) NA=death (4) MA=rebirth/ resurrection. Satan=SA-TA-N remains stuck in the 3rd phase or syllable NA=death, which is why the equation Satan=death applies. This mantra can certainly help with this transformation.

The resurrection body needs LoC=800 approximately, I call the 800s the great mystery (Link). The problem is that human language can only accurately describe the consciousness values up to LoC=600=peace, while the consciousness values LoC=600-1000 describe different levels of awakening (LoC=600s) & enlightenment (LoC>700). This is precisely the great value of consciousness scales such as those of David Hawkins, these things must be classified primarily numerically & not verbally, words are often misleading here. LoC=750 Turiya & divine self as totality according to Hawkins: you can imagine all sorts of things under this. Only in Sanskrit & in Buddhist terminology do we still find usable terms. In Hindu philosophy, the Sanskrit term Turiya refers to the 4th state of consciousness, the experience of pure consciousness, which forms the background for the three ordinary states of consciousness: waking, dreaming and dreamless sleep, and transcends them. LoC=800 Arhat: religious title for a perfected Buddhist saint (Link). In addition, LoC=800 is also Asamprajnata/ Nirvikalpa/ Nirbija Samadhi: Buddhist non-dualistic yoga practice, union without germ. The beginning of holiness is LoC=555, LoC=800 is the perfection of holiness.

Let us summarize the 5 most important features of the glorious resurrection body ([Link](#), [Link](#), [Link](#)):

1. Like the resurrection body Jesus Christ used for 40 days (1 Corinthians 15:49; Philippians 3:21; 1 John 3:2).
2. Normal looking with flesh & bones, and yet completely different (Luke 24:39; 1 Corinthians 15:50)
3. Indestructible, spiritual, brilliant, eternal, for both heaven & earth (1 Corinthians 15:42-50; Luke 9:28-36)
4. Superhuman abilities siddhis, divine power (1 Corinthians 15:43; Luke 24:13-49): e.g. teleportation, bilocation. John 14:12: "*He who believes in me will do the works that I do; and greater works than these will he do, because I am going to the Father.*" This undoubtedly refers to the time in the resurrection body. Gregory the Great (~540-604), one of the most important popes, had already written: "*The glorious body is called subtle because of the effect of the spiritual [divine] power.*"
5. No longer contaminated by the world: This is the meaning of the white lotus in Buddhism, the western counterpart to this is the white lily, which therefore also stands for Emperor Henry the Fortunate. One is still in the world, but no longer of this world (Mother Gaia).

## Resurrection of the Dead: Angelic Body

In a separate chapter I would like to mention perhaps the most important point of all, Matthew 22-30: "*When the dead are resurrected, they will no longer marry as they do here on earth. It will be completely different: They will then be like the angels of God in heaven.*" There is a dream about that ([Link](#)). Church fathers such as [Dionysius Areopagite & Origenes](#) and also [Rudolf Steiner](#) ([Link](#)) discussed the origin of the human soul in the hierarchy. The resurrection body is therefore in principle an angelic body, i.e. the white souls return to the soul origin as angels, see also explanations of an angel ([link](#)). On 16.10.24 I had the first flying dream (and then more), the training for flying is in progress. The black side always tries to copy the white side, e.g. the witches with their flying ointments in the puss. Here [Psalm 124](#) is fulfilled for the white souls (and only for them):

*Our soul has escaped like a bird from the hunter's net; the net is torn and we are free.*

[Psalm 25](#) (->2025) says: "*My eyes are ever toward the LORD; for he will pluck my feet out of the net.*" The liberation from this net so we are able to fly therefore takes place 2024-25, and for the white souls it began shortly before the Trump election on November 5, 2024. On October 30, 2024, [Vicki Goforth Parnell](#) ([Link](#)) received the message about the now glorified body: confirmation that the transmutation has begun. As early as 2015, the [Simpsons prophesied](#) 'flying' around the US elections on November 5, 2024, in season 25->2025. We even see something like a net here that tries to prevent Simpson from flying. 75,000 years ago, the 666 seal of quarantine was installed because of the incredible evilness of the human race even then, and since then this planet has been a perverted prison planet. At that time we suffered the wing trauma ([Link](#)), meaning our wings were removed (sat on our shoulders): curse of the reptile god Yahweh ([Link](#)). Similarly, Hans Krankl composed a song about rusty second-hand wings ([Link](#)).

Moksha, liberation from Samsara (wheel of reincarnation), is theoretically possible at LoC>600, but usually at LoC=700-800. But the return to the angel hierarchy is \*zeroes\* higher in the LoC and therefore an incredible, unique opportunity. So it is one thing to end the incarnations in a poop bag, but quite another to return to the soul's origin. According to Hawkins MD PhD, archangels are at LoC=50,000-500,000: unfortunately, our soul's origin is not that high.

Matthew 22-30 says that the resurrected no longer marry and therefore apparently have no children: however, humanity will continue to exist in the 1000-year kingdom of Christ, but only white souls. Strangely, no one has asked these important and obvious questions in thousands of years...? Actually, there is only the explanation that there are 3 groups of people in the end times & 2 groups of white souls (the Biblical 2 harvests):

(1) White souls LoC>700-800: these will receive the immortal resurrection body. Are these those who already had a white soul at the time of the soul review? Then that is about 1 person in 10,000 (0.01%).

(2) White souls LoC<700-800: These remain in their previous 3D poop bag and in the wheel of incarnations (Samsara) and partly die as martyrs. Are these those who only made their soul white \*after\* the soul review? Then that is about one person in 1000 (0.1%).

(3) Black souls (99.98%): go to hellfire

## Resurrection of the dead: after soul review & 3DD (2025-2033)

I am almost 100% certain that the white souls will only receive their resurrection bodies *after* the 3-hour darkness with the soul viewing. I have looked at the classic sources on the soul viewing again and according to them the soul viewing should be at the beginning of February in a year, that is the only point of intersection. Some newer sources and the end-time effect "*(almost) everything comes (too) late*" may delay it by weeks until the early April at the latest. It is possible that the transmutation of the resurrection body is identical with the Garabandal miracle – or it isn't.

On October 26, 2024, the Vatican World Synod ended unexpectedly; the announced extension until 2025 did not happen after all. This is highly relevant, because according to Garabandal, the soul review comes *\*during\* or \*shortly after\* a major synod*; there are slight divergences according to various sources ([Link](#), [Link](#)): the World Synod 2021-24 was the largest since the devil's council of 1961-65. Here the end-time effect "*(almost) everything comes (too) late*" is apparent, too.

I am finding more and more confirmation that only one soul in 10,000 will be white at the end of time. For example, the Gospel of Bartholomew says that only 3 in 30,000 will go to heaven, while 29,997 will go to hell. Because of the 10 times higher death rate of the jabbed=black souls compared to the white souls, this ratio has even soared up to 1:100,000 among the deaths in 2021-23 ([Link](#)). The demographic parameters of white souls have changed surprisingly dramatically in recent years. For many years, the NWO has always attacked the 'old white men' because they had by far the most white souls. Of these 3 parameters old/white/male, only 'old' is really relevant. The gender ratio changed dramatically and is now pretty much 50-50, although historically the inmates of hell are 80-90% female. Emily Guereque ([Link](#)) saw that during the 'rapture' not a single person (!) younger than 30-40 years made it to heaven (=white soul), except herself. I asked the Boss and can confirm this: 65 years is the median age of the approximately 0.5 million white souls: only about 500 (0.1%) are younger than 30 years and 3000 (0.6%) in the Life Book of the Lamb are younger than 40. Byron Searle saw that only old-timer cars from the 1940s-1970s are still on the road ([Link](#)): that is probably a double code for cars & white souls, i.e. that primarily those born in the 1940s to 1970s make it to heaven.

I was put under pressure in heaven: I wanted to incarnate later, but I was warned that if I incarnated much later than 1974, it would be almost impossible to remain white. The big turning point was in 1986/87, when Ra Uru Hu received the message from the raven children with the black eyes in 2027 ([Link](#), [Link](#)), which in reality is the total takeover by extraterrestrials: beginning in 1987 & climaxing in 2027. A major peak has been the distribution of extra-terrestrial DNA in the Covid death jabs since 2021 (and since 2023 in *\*all\* vaccinations*). The clearest differences between demons & extraterrestrials can be seen in the eyes: demons have red eyes (sometimes yellow, orange & green), but the soulless extraterrestrials have black eyes ([Link](#)). Alois Irlmaier spoke of the devils who call them children: of his hundreds (thousands?) of statements, this is perhaps only one of two original ones (the other concerns the 'Zuban boxes' = smartphones). Thousands upon thousands of pages have been published about Irlmaier over the last 75+ years (only Nostradamus has even more) & the hit rate so far is a few sentences: no one can dispute his crown of garbage prophets, that is certain.

We will cull all the raven children, there is no way around it, and the alien invasion will fail ([Link](#)). People born in the 21st century in particular often lose their soul in the womb (!) because their mother uses the cell phone = mark of the 666th beast. Vaccinations also drive the soul out of the body, especially immediately after birth: the satanic vaccination terror against children has increased dramatically since the 1980s ([link](#)), in the great Satan children are tortured with 77+ vaccinations. And of course, since 2023, almost \*all\* vaccinations are lethal injections, according to an insider source.

It is also still set in stone that the resurrection of the white souls will only come *after* the 3DD, but the resurrection of the zombies will apparently come (shortly) before. The question is how soon after the 3DD: some sources speak of the first sunrise immediately afterward, but other sources only indicate later years. In addition, the timing of the 3DD is questionable: there are definitely several irregular eclipses (the first tiny ones in mid-March & mid-July 2024), perhaps even two three-day eclipses in the 3DD. So I can't commit to an exact timing for the resurrection body at the

moment, except in the 2025-33 window in 1-3 waves. There is the old rapture discussion among the Protestants: pre-Trib, mid-Trib & post-Trib, all three camps have arguments. There could actually be three waves of the rapture, with the first wave \*definitely\* being the soul review.

Father Oliveira & a 9-year-old boy ([Link](#)) spoke of 2029-30 for the 3DD. The Chinese Nostradamus Liu Bowen (1311-75) spoke of eternal life (=resurrection body) if one \*survives\* the years of the dragon & snake: beginning of 2024-beginning of 2026 (and then only 12 years later). The king of the prophets Nostradamus wrote in 10-74:

*After the expiration of the great number 7 [5777=2016/17],  
it will be seen at the time of the hecatomb (bloodbath/100 cattle),  
not far from the great millennium [2000],  
that the dead will rise from their graves.*

The big 7th year was 5777 (2017), and for several years I have been saying that the most likely variant is 7 years later - although as always the end-time effect "(almost) everything comes (too) late" strikes. Possibly his statement that the nations will be shaken for 25 years is a code for 2025 ([Link](#)). Hecatomb is a triple code:

(1) Huge wave of deaths: since 2020

(2) Bovine Satanism in the 3rd Temple of JerUSAlem: since 23.4.24 at 5 am

(3) 2nd epidemic wave including beef epidemic: outbreak in October 2024, a pleasingly big bank-winner in 2025. The MCD shares of the beef burger king McDonalds therefore experienced the biggest crash since March 2020 (Covid super-crash) in October 2024. According to several prophecies the wonderful second plandemic culls ¼ of the pests within 6 months, praise be to Christ!

According to the Bible, we expect the resurrection with the sounding of the last trumpet = Trump(et). There are various interpretations, but this is surely a code for US President Trump: since 2016, together with Putin, the most discussed person in the world and only one of the six end-time figures mentioned in the Bible. Kim Clement prophesied exactly this back in 2007 ([Link](#)): "Trump shall become a trumpet." The oldest prophecy of the \*last\* US President Trump dates back to the 19th century and Ingersoll Lockwood ([link](#)). Donald Trump as a specific person was first mentioned in 1983 by the hermit Tom Zimmer ([link](#)), according to whom the New York playboy Donald Trump would bring the USA back to God: this was initially met with disbelief. The dumbest race in the galaxy \*always\* only learns through suffering & \*always\* only returns to God through suffering: so this is a code that Trump will bring the greatest possible suffering upon the great Satan. According to divergent prophecies, Trump will only be alive until 2025 or 2027 (longer than the USA?): resurrection body until 2025-27 during the lifetime of the Trump(et)? Since 1989, the child molester has paid hundreds of millions of dollars in hush money to the families of his underage abuse victims, adjusted for real dollar inflation ([Link](#), [Link](#), [Link](#)): no wonder the crazy right-wingers adore him so much.

In the movie The Crimson Rivers 2: Angels of the Apocalypse, the date of the apocalypse is given as 730,730 days after the crucifixion, which is 2000 years 8.2 months. In the movie, the date of the crucifixion is 4/7/0030, which points to 12/6/2030. But it is pretty certain that the crucifixion was on April 3, 33: that points to 12/2/2033 as the latest possible date.

Raymond Aguilera spoke on November 10, 1993 of the devil devouring the church in the year 3025 ([Link](#), [Link](#)). This means the end of the 1000-year reign of Christ and therefore 2025 is the beginning of the 1000-year reign of Christ (with the resurrection body or the Garabandal miracle?). However, Nostradamus spoke of the reign of Christ not being quite 1000 years, in which case it would only be in the years after 2025. However, this may simply mean that 2025-75 is the final Jubilee year (5950-6000 in the Jewish calendar) according to Daniel 9-24, because of the fulfillment of the 70 weeks of years since the Turkish conquest of Jerusalem:  $1535+7 \times 70=2025$ . In 3031, for the first time in thousands of years, there will be no Hanukkah Festival of Lights ([Link](#)): that fits like a glove, i.e. after 3025 the light of Christ will go out. Aguilera is a good prophet (=anti-Irmaier), so on July 22, 1999 he received the message that the big events won't really start before 2020.

It is possible that there are several waves of resurrections (at intervals of 1260 days/ 42 months?), there are several indications of this. What is particularly strange in this context are the 2 witnesses

(Moses & Enoch): they preach for 42 months in Jerusalem, while the Muslims rule over the center of the world. At the end of the 42 months they die due to Muslim attacks & rise from the dead after 3 days, just as they receive their resurrection bodies. This means with almost certainty that \*one\* (or \*the?\*) wave of resurrection occurs 42 months after the appearance of the 2 witnesses. But the 2 witnesses only appear after the liberation of JerUSAlem, because the 42 months of their ministry are probably identical with the 42 months of the Muslim rule over JerUSAlem according to Revelation 11-2. In this respect, the earliest possible time for this (the?) wave of resurrection would be 2028. This can mean two things: either the resurrection of the dead will not occur until 2028 at the earliest, or the two witnesses Moses and Enoch missed the first wave of resurrections. Both are unlikely, so there is a third option that I don't yet understand.

If you have an immortal resurrection body, you can no longer die as a martyr. However, many prophecies say that many Christians die as martyrs and, on the other hand, that you only get the resurrection body if you are still alive at that time. Paradoxically, this means that martyrs who die prematurely \*do not\* get the resurrection body...! Are these the ones who continue to go through the cycle of reincarnation during Christ's 1000-year reign? This means \*perhaps\* 2 classes of white souls: the 144,000 are the elite=first class and the rest are the second class. It is like so often with prophecies: at first, they don't fit together at all, sometimes a synthesis is found.

In the Bible & also in the Apocalypse of Baruch (included in some versions of the Syriac Bible = Peshitta) the Messiah's return, judgment & resurrection are spoken of in parallel ([Link](#)). 'Parallel' would normally be interpreted as in the same month (or even week?), but perhaps we need to allow a very broad definition of 'parallel', spanning years.

The problem is the completely twisted teachings of Christianity, the Jewish sources are almost always light years better. Christianity usually speaks of the Messiah's return in one step, but Judaism knows of the 999 birth pangs or steps of the Messiah ([Link](#), [Link](#)). Jewish writings speak of the 999 birth pangs of the Messiah ([Link](#), [Link](#)). We have already had 180+ of the 999 healing Messiah whiplashes and have achieved great successes, especially halving the world population from its all-time high.

According to the Babylonian Talmud 111a (11=vengeance), only 2 out of 600,000 Jews will survive these 999 steps of the Messiah ([Link](#)): these 0.0003% are still more than enough, because God will decimate the darkest people on the planet the most. That is a factor of 100+ less than the surviving 0.05% of the world's population & basically a hand-picked list that fits on a notepad. The survival rate is an objective indicator of the evilness of a people. Of the Germanic leading people in the Golden Age, up to 1.5% could survive (1.5 million), the highest value of the 70 peoples.

The return of Christ basically spans the \*entire\* end times in a very broad sense from 1881 to 2067-75, with many steps of the return of Christ. In a very broad sense, the end times began on June 27, 1881 with the pogroms in the Ukraine, which led to the first major wave of Jewish invasions of bloodsuckers in Palestine. The trigger for the pogroms from 1881 onwards was that a Jewish bar owner wanted to drain blood from a young woman. The Jews were thrown out of their host countries 200+ times, always with the same accusations of bloodsucking, etc., which of course the Jews always denied. Let's imagine a court situation where 200 witnesses say the same thing, even though the defendant pleads innocent: if the judge is not a Freemason, then the court verdict is 100% guilty. 1881+144=2025: the 144,000 chosen ones also point to 2025. The cycles ¼ & 1/8 of 144 years work well (18 & 9 years) & point to a peak event in August-November 2025 & 2034. This 9-year cycle is the 9s in numerology (9=Mars, 999=Terminator):

- 2016/17 beginning of the end times as it has been for 800+ years, Trump=white rider (at this time still with a white soul)
- 2007 start of the blitz depression, the largest economic crisis 1932-2020
- 1998 Russia & LTCM
- 1989 fall of the Berlin wall
- 1980 inflation high & climax of the cold war
- 1971 US bankruptcy gold window closed
- 1962 Cuban Missile Crisis

- 1944 climax of World War II
- 1917 climax of World War I, Russian Revolution & early 1918 Spanish flu through vaccinations
- 1908 Tunguska explosion (scalar-wave weapon by Nikola Tesla?)
- 1899 officially first reception of alien communication Nikola Tesla

And what happens when the white souls have received their resurrection bodies? There are even fewer statements. According to Armin Wolff 15.2.93 ([Link](#)), the resurrected walk around the earth for at least 40 days like Jesus Christ (and perhaps for many years?). 1 Corinthians 6-2: "*Or do you not know that the saints will judge the world?*" Christ returns to earth with his saints & they rule over the earth's inhabitants & judge them ([Link](#)): chastise, punish, beat & kill.

### Conclusion: personal consequences

Let us pray at least 24 hours a day that God will no longer suppress His anger & punish as severely as \*never\* before, because only then can Christ come back! Unfortunately, currently (November 2024) none of the Amanita subscribers are among the white souls expecting heaven & a resurrection body. Statistically, this is to be expected: there are thousands of Amanita subscribers, but less than 0.02% white souls. But if you have read & understood this article & the previous ones, then in principle you have realistic (albeit small) chances in the 42 days after the soul review. 90% of humanity will not understand the soul review message & thus have 100% no chance of changing their post-mortal fate. However, without 8-12 hours of spiritual work per day, it is practically impossible to take a black soul out of the fires of hell now & make it white again: see the previous newsletters since 2019. God is jealous & wants to be #1 on every level: this is easiest to recognize on the level of time, because everyone has 24 hours a day at their disposal.
